Report description:

In 2023, home and garden in Singapore faced a slight slowdown in current value growth due to various factors, including global supply chain disruptions, rising inflation, and weakened foreign demand. These challenges contributed to a deceleration in the country's economic development, exacerbated by tightening monetary policy and ongoing economic uncertainties. Government revenues decreased, while public expenditure saw a notable decline, reflecting the broader economic downturn. Heightened econ...

Euromonitor International's Home and Garden in Singapore report offers a comprehensive guide to the size and shape of market demand at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the categories driving growth.
