Report description:

Argentina's soft drinks industry in 2023 navigates an uncertain macroeconomic landscape marked by political dysfunction and economic instability. Despite growth in GDP in 2022, driven by a significant increase in the investment rate, the outlook for 2023 is less optimistic. The International Monetary Fund has projected a GDP decrease, with inflation anticipated to continue skyrocketing. The average income remains below historical patterns, with many Argentinean households grappling with reduced...
