- Multiple User License (Global) €2475.00

### **Report description:**

Sunglasses in China is anticipated to continue growing in current value terms in 2024, albeit under the influence of market conditions, and it is not expected that sales will return to the level seen in 2021. Nevertheless, there are positive prospects. Both high-end and affordable brands are showing growth potential. High-end brands not only offer functionality, but also provide additional fashion attributes, which have gained higher value due to the return to social activities, thereby promotin...

Euromonitor International's Sunglasses in China report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2019-2023), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues.
