Report description:

Home furnishings saw an increase in current value sales in the Philippines in 2023. Hybrid work models have surged in popularity in the Philippines, driven by a strong preference amongst Filipino workers for flexible arrangements. This shift, with many opting for hybrid or fully remote set-ups, reflects a desire for better work-life balance and increased productivity. Moreover, these models unlock a vast national talent pool, transcending geographic constraints and fostering inclusivity. As a re...

Euromonitor International's Home Furnishings in Philippines report offers a comprehensive guide to the size and shape of market demand at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the categories driving growth.
