Report description:

Spectacles in Taiwan continues to witness strong growth in retail volume and current value terms over 2024, primarily driven by the increasing prevalence of myopia among the population, which is increasing annually. Not only are myopia rates rising across all age groups, but the onset of myopia is also occurring at younger ages. The rise of budget-friendly chain eyewear stores is equally playing a significant role in the spectacles category. With more affordable prices, consumers can afford to h...
