Report description:

Consumer Lifestyles offers valuable insights into key consumer attitudes and current thinking, and their impact on purchasing and consumption habits; quantifying behaviours, preferences and motivations, and aligning them with broader trends.

Euromonitor's Consumer Lifestyles in Hong Kong, China report analyses factors influencing national consumer expenditure. Consumer lifestyles reports include coverage of: population, urban development, home ownership, household profiles, labour, income, consumer and family expenditure, health, education, eating habits, drinking habits, shopping habits, personal grooming, clothing, leisure habits, savings and investments, media, communication, transport and travel and tourism. Use this report to understand the factors influencing a nation's lifestyle choices.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Consumer Overview market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
