### **Report description:**

Home improvement in Turkey in 2023 was supported by the ongoing focus on home renovation, which was strongly inspired by the era of the pandemic when consumers were confined to their homes for extended periods of time. For example, as seen with home paint, which enables consumers to change the aesthetics of their homes without a significant financial outlay. Home paint offers a diverse range of high-quality paints and coatings, with players in the category emphasising the benefits of their produ...

Euromonitor International's Home Improvement in Turkey report offers a comprehensive guide to the size and shape of market demand at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the categories driving growth. It also identifies the leading companies and their brands, and offers strategic analysis of key factors influencing demand - from new product developments, consumer lifestyles, route to market and pricing issues. Forecasts to 2028 illustrate how market demand is expected to evolve in the medium-term
