Report description:

E-vapour products in Costa Rica continued to post robust growth in volume and current value terms in 2023. Buoyant demand was underpinned by the fact that rising health awareness is driving more smokers to migrate from cigarettes and other forms of tobacco to vaping, which is generally considered to be less harmful, whether as a long-term substitute, a quitting aid or a means of reducing the amount they smoke. With many people having experienced a significant drop in purchasing power towards the...
