Report description:

Morocco's economy has come under pressure in recent years, with drought causing issues for agriculture and reducing local wine production significantly in 2022. The war in Ukraine continued to leave its impact with energy and raw material prices still elevated and Morocco facing a second year of high inflation in 2023. The high price of food and energy was felt by consumers with household consumption remaining under pressure in 2023. Locals limited their expenditure on more expensive alcoholic d...
