Report description:

Sunglasses in Brazil experienced steady growth in 2023, and this is set to continue in 2024, in a marked improvement from the struggles faced during the pandemic years. While growth has not been as aggressive as in other categories, and sales have not yet returned to the pre-pandemic level, it has remained above inflation and has closely mirrored the growth rates seen in spectacles. Despite this progress, the revenue generated by sunglasses is still lower compared with spectacles, indicating roo...
