Report description:

Video games in South Africa continued to see strong growth in retail current value terms in 2023. Video games hardware saw the strongest increase, with the category continuing to benefit from the dynamic growth of the next-generation consoles PlayStation 5, and Xbox Series X. Although these static consoles were released in 2020, many consumers in South Africa only started to purchase these products a few years after their initial release, which resulted in growth within the category. Some of thi...

Euromonitor International's Video Games in South Africa report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
