Report description:

Gum in the Dominican Republic is expected to register healthy current value and more moderate volume growth in 2024. Increased number of foreign tourists is also expected to boost volume growth. Chewing gum is mostly used between meals to clean teeth and freshen breath, particularly if consumers expect to be socialising with other people, and with society fully opened up, post pandemic, this will support volume growth.

Euromonitor International's Gum in Dominican Republic report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in <|Year|> directly informs our forecasts to 2028, clearly indicating how the market is expected to change.

Product coverage: Bubble Gum, Chewing Gum.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
