Report description:

Inflationary pressures weakened considerably in 2024 although the price of snacks in Austria remained high and increased slightly across a number of categories. Although the cost of energy decreased slightly, commodities including cocoa, potatoes and sugar remained costly for manufacturers. Total volume sales of snacks grew slightly in 2024 with a slightly better performance year on year. This healthy performance reflects stable consumer demand in most product snack categories. Current value gro...

Euromonitor International's Snacks in Austria report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
