### **Report description:**

While the pressure on consumer purchasing power remained high in 2024, the price of snacks began to stabilise in Belgium, following two consecutive years of strong price increases. Price stabilisation was an important determinant of consumer demand in 2024, driving moderate volume growth. At the same time, the trend towards indulgence and healthy snacking were relevant factors too amid increasingly busy lifestyles. Most snacks categories registered slight volume growth in 2024 with the exception...
