Report description:

All categories of snacks in Turkey are projected to register positive retail volume growth over 2024, from a slight increase for gum to a double-digit increment for savoury snacks. Nonetheless, in general, with prices increasing and GDP taking time to recover, Turkish consumers are showing a more cautious attitude towards consumption. The economic uncertainty in the country throughout the review period resulted in consumers showing a more conservative and reluctant approach in terms of spending,...

Euromonitor International's Snacks in Turkey report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
