Report description:

Medicated confectionery continues to experience dynamic growth both in value and volume terms in 2024. This strong growth can be attributed to the resurgence of cases of cold and flu. With COVID-19 no longer in place other seasonal viruses such as cold and flu are once again spreading with this being a key driver of demand for medicated confectionery. Unlike other types of sugar confectionery these products have a specific purpose and thus despite economic pressures demand has remained strong wi...
