The report also covers Hess Corporation's financial analysis basis of latest income statement, balance sheet, and cash flow statement. Key financial ratios related to profitability, asset turnover, credit, market, and long-term solvency are outlined, providing guidance for investment decisions. Furthermore, the report compares Hess Corporation's financial parameters with those of its competitors, offering a unique analysis of the competitive landscape. This information helps manage the business environment and improve sales activities by gaining insight into competitors' operations.

Finally, the report includes recent news and deal activities undertaken by Hess Corporation enhancing awareness of the company's business trends, growth perspectives, and more.

Key Highlights

Hess Corporation is an exploration and production company that engages in exploring, developing, producing, purchasing, transporting, and selling crude oil, natural gas liquids (NGLs), and natural gas. The company operates through two segments: Exploration and Production, and Midstream. It conducts production operations primarily in the United States, Guyana, the Malaysia/Thailand Joint Development Area, and Malaysia, with exploration activities mainly offshore Guyana, the U.S. Gulf of Mexico, and offshore Suriname and Canada.

In the Midstream segment, Hess Corporation is involved in gathering, compressing, and processing natural gas, fractionating NGLs, and handling crude oil and NGLs through rail car transportation, terminaling, and loading. Additionally, the company provides storage and terminaling services for propane and offers water handling services primarily in the Bakken Shale plays within the Williston Basin area of North Dakota. Incorporated in 1933, Hess Corporation is headquartered in New York, New York.
