Report description:

Beauty and personal care saw double-digit current value growth in Morocco in 2023. However, the challenging economic conditions led to shrinking budgets for many Moroccan households. As a result, consumers became very price sensitive and sought ways to save money while doing everyday shopping. Current value growth was also dampened by price discounts, which were often employed by manufacturers to improve retail volume sales. Price discounts, bonus contents, the increasing popularity of economy v...

Euromonitor International's Beauty and Personal Care in Morocco report offers a comprehensive guide to the size and shape of the market at a national level.
