Report description:

Most categories within chocolate confectionery in the US saw retail current value growth in 2023, and this is set to continue in 2024. However, some have not enjoyed the same growth in volume terms. There are several reasons for this, amongst them is price sensitivity in a high inflation and high interest environment. While food inflation did subside slightly from 2022 into 2023 and 2024, unit prices have continued to climb in the category, and therefore some consumers are thinking twice about t...
