Report description:

There is expected to be a further fall in volume sales of computers and peripherals in Colombia in 2024. Though inflation has eased, it is still an issue, and consumers are putting off purchases as long as possible. Tablets in particular are expected to see a steep decline in volume sales. However, this is also due to declining popularity, as larger screened smartphones are also dampening volume sales of tablets. On the other hand, laptops are expected to fare better, with a marginal increase in...

Euromonitor International's Computers and Peripherals in Colombia report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth.
