### **Report description:**

The market for gum in Hungary will see an improved performance in 2024, with best growth in retail volume terms. Sales of chewing gum remain largely impulse-driven and with an increase in mobility, consumers have more opportunities to purchase these products which provide a convenient and effective means of refreshing breath on-the-go. However, inflationary pressures are continuing to have an impact on consumer purchasing patterns, with a switch away from non-essential products to everyday necessities...
