Report description:

Hair care in India maintained solid retail current value growth in 2023. Salon professional hair care showed robust growth for another year in 2023, surpassing the growth rates of all other hair care categories. This growth was driven by increasing disposable incomes, which led some consumers to allocate more of their budget to premium products such as salon professional hair care products. In addition, the influence of global fashion trends and urbanisation has heightened awareness of and the a...

Euromonitor International's Hair Care in India report offers a comprehensive guide to the size and shape of the market at a national level.
