- Multiple User License (Global) €2985.00

Report description:

Following a positive performance during the previous three years, demand for imaging devices in South Africa is starting to decline in 2024, with both digital cameras and digital camcorders proving less essential to consumers during a challenging economic climate. The category is also under increasing pressure from alternative multifunctional devices such as smartphones, which also allow consumers to save money by reducing the number of electronics they need to purchase. Due to high innovation a...

Euromonitor International's Imaging Devices in South Africa report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
