Report description:

Snacks in Estonia is experiencing healthy growth in both volume and value terms in 2024, with sales being supported by the rising demand for healthy snack options. As consumers in the country become more health conscious, there has been a significant shift towards snacks that offer nutritional benefits, especially by parents who are increasingly seeking healthier alternatives with a lower fat and sugar content for their children. In addition, busy lifestyles and time constraints have driven dema...

Euromonitor International's Snacks in Estonia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
