Report description:

Overall, snacks in the Philippines is projected to continue to register healthy retail volume and current value growth over 2024. In retail volume terms, established categories ice cream and savoury snacks and newer ones snack bars and fruit snacks are expected to post the highest increases in percentage terms. On the other hand, sweet biscuits, gum and chocolate confectionery are predicted to see small declines in consumption. Despite the residual inflationary pressures in the market, not least...

Euromonitor International's Snacks in Philippines report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
