Report description:

In 2024, snacks in the US is set to see little overall movement in retail volume terms, and solid growth in current value terms. Snacks has faced rising pressures on consumer demand, while simultaneously battling global supply chain challenges, with consumers and manufacturers playing a challenging game of tug of war between rising prices and the yearning for indulgence. On the one hand, manufacturers have had to deal with rising production costs, at times coming into conflict with retailers nee...

Euromonitor International's Snacks in USA report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
