Report description:

The sales volume for digital cameras in Egypt continues its sharp decline in 2024. The Egyptian currency has depreciated further against the USD, leading to a corresponding increase in the prices of imported digital cameras. Coupled with a double-digit inflation rate in April 2024, digital cameras, classified as discretionary products, are significantly affected by the rising cost of living and high prices. The impact of import restrictions on digital camera sales is minimal, primarily due to th...
