Report description:

In 2023 and the first half of 2024, almost every category and sub-category in consumer electronics in Argentina experienced negative growth, and in-car entertainment is no exception. The volume of sales of in-car navigation devices, in-car speakers, and in-dash media players has sharply declined over the past two years. The significant decrease in disposable income has directly impacted sales volumes, as these categories are not seen as essential within consumer electronics. Consequently, consum...
