Report description:

In-car entertainment in Thailand is expected to show a continued downward trend in retail volume terms in 2024. Demand for in-car navigation systems has been negatively impacted by the rise of smartphones and the increasing sophistication of popular navigation apps, such as Apple Maps, Google Maps or Waze, which are free and easy to use. Moreover, many new cars come with pre-installed navigation devices, are compatible with automobile applications that connect with smartphones, such as Android A...

Euromonitor International's In-Car Entertainment in Thailand report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
