Report description:

The COVID-19 pandemic had a significant impact on consumer purchasing behaviour when it came to hot drinks. It led to an increased focus on preventive health and wellbeing with this being sustained in part in 2023 by new innovations. For example, Associated British Foods Plc expanded its Twinings tea range in September 2023 with two new products. First was Wellbeing Evening Cuddles, which is a vanilla-flavoured infusion with chamomile, chicory root, spices, and vitamin B3. Second was Infusi Sens...

Euromonitor International's HW Hot Drinks in Italy report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2019-2023, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2028 illustrate how the market is set to change.
