- Multiple User License (Global) €2985.00

Report description:

The demand for digital cameras in Hong Kong continues to slowly decline in 2024, due to a general waning interest among the general population in cameras. Smartphones, smartwatches and even some other smart devices have built-in cameras with image quality that is comparable to traditional cameras, thus removing a significant share of the demand from local consumers.

Euromonitor International's Imaging Devices in Hong Kong, China report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, distribution or pricing issues. Forecasts illustrate how the market is set to change.

Product coverage: Digital Camcorders, Digital Cameras.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Imaging Devices market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
