Report description:

It is expected to be a negative picture for mobile homes in Morocco in 2024, with volume sales falling both for feature phones and smartphones. In particular, there is expected to be a significant volume decline for feature phones, as smartphones are now much more popular. However, smartphones are also expected to register volume decline. An increase in customers duties from 2.5% to 17.5% is making smartphones more expensive and dampening volume sales. As a result, consumers are trading down to...

Euromonitor International's Mobile Phones in Morocco report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth.
