Report description:

Description

Report Scope:

The primary focus of this market study is to understand the landscape, dynamics and potential of the circular economy through qualitative research methods. The scope of this report is limited to the theoretical study of global circular economy markets. The report will explore regulatory impacts, the contribution of both companies and industries, technological advances and the opportunities and challenges associated with these markets.

Its key objectives are to:

- Identify and study the most active sectors contributing to the circular economy.
- Track the adoption of circular economy practices.
- Understand the market trends and future growth potential.
- Provide insights into consumer attitudes about and behaviors associated with circular economy products and services.

Report Includes:

- An overview of the current and future global markets for circular economy
- Analyses of global market trends, with market revenue data (sales figures) for 2023, estimates for 2024, and projected CAGRs through 2029
- Estimates of the market size and revenue forecasts for the global circular economy market, with market share analysis based on activities, and region
- Discussions of the market dynamics, opportunities and challenges, as well as emerging technologies
- Coverage of major milestones in circular economy and discussion of changing dynamics of corporate social responsibility (CSR) and role of international organizations in circular economy

Scotts International. EU Vat number: PL 6772247784

tel. 0048 603 394 346 e-mail: support@scotts-international.com

www.scotts-international.com

- Overview of the sustainability trends and ESG developments in the industry, with emphasis on the ESG practices followed by leading companies, their ESG rankings, and consumer attitudes
- Competitive intelligence, including companies' market shares, recent M&A activity and venture funding
- Profiles of the leading companies

Executive Summary

Summary:

This report provides an in-thorough analysis of the circular economy market, highlighting its current and future potential. It provides a detailed examination of market drivers, restraints, challenges, and opportunities, along with market projections for 2029 and rankings of key market players.

Table of Contents:

Table of Contents

Chapter 1 Executive Summary

Market Outlook

Scope of Report

Market Summary

Chapter 2 Market Overview

Introduction

Major Milestones in the Circular Economy

Circular Economy Target, by Country

Role of International Organizations in the Circular Economy

Adoption of Circular Economy Concept by Industries

Chapter 3 Market Dynamics

Market Dynamics

Market Drivers

Growth of Waste Management and Remediation Industries

Consumer Awareness

Market Opportunities

Changing Dynamics of Corporate Social Responsibility (CSR)

Investment in Sustainability

Market Restraints and Challenges

Inadequate Garbage Collection Infrastructure

Lack of Universal Standards and Regulations

Consumer Perception: Quality and Reliability Concerns

Chapter 4 Emerging Technologies and Developments

Overview

Advanced Recycling Technologies

Chemical Looping

Disassembly Robots

Advanced Waste Processing Technologies

Smart Packaging

Chapter 5 Market Segmentation Analysis

Segmentation Breakdown

Global Circular Economy Market, by Activity

Recycling
