## Key Highlights

Chevron Phillips Chemical Co LLC (CPChem) is a 50-50 joint venture between Chevron Corporation and Phillips 66. The company founded in 2000 and is one of the world's leading producers of petrochemicals and polymers, and its products are used in a wide range of industries, including packaging, construction, automotive, electronics, and healthcare. CPChem operates manufacturing facilities in Belgium, Colombia, Qatar, Saudi Arabia, Singapore, and the United States and its products are sold to customers in over 100 countries. The company is headquartered in The Woodlands, Texas. CPChem's product portfolio includes olefins and polyolefins, aromatics, styrenics, specialty chemicals, piping, and proprietary plastics. Some of the company's most well-known products include polyethylene, polypropylene, high-impact polystyrene, and alpha olefins. The company is governed by its Board of Directors (the Board) under the terms of a limited liability company agreement. Chevron and P66Co each appoint three voting representatives, and Chevron Phillips Chemical's chief executive officer and chief financial officer are non-voting representatives.
