### **Report description:**

Cheese is expected to see rising sales in current value terms in Israel in 2024. Following the addition of the red symbols to the labelling of foods deemed to be unhealthy, many brands changed their recipes to try to make sure that their products did not need to carry these symbols. However, the symbols did not appear to impact consumers' food choices significantly. In 2023, Tara announced that, having changed the recipe of its product, it would be launching a new package for its mozzarella cheese...
