Report description:

In 2024, stable consumer demand for dairy products and alternatives persists, resulting in moderate retail volume growth rates across all categories except baby food, which is set to record a decline due to negative demographic trends and a shrinking consumer base caused by lower birth rates and migration. Nevertheless, bolstered by lingering inflation, all dairy products and alternatives categories will achieve solid to strong, and in some cases double-digit percentage, growth rates in 2024.

Euromonitor International's Dairy Products and Alternatives in Bosnia and Herzegovina report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in <|Year|> directly informs our forecasts to 2028, clearly indicating how the market is expected to change.

Product coverage: Baby Food, Dairy, Plant-based Dairy.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
