Report description:

Plant-based dairy in the Dominican Republic has continued its robust expansion in 2024, maintaining double-digit growth for the seventh consecutive year. This incipient market is primarily driven by the younger generation and consumers with dairy intolerances, who are increasingly turning to plant-based alternatives. The ongoing development and introduction of new products reflect the category's dynamic evolution. With a growing consumer base that values both health benefits and ethical consider...

Euromonitor International's Plant-based Dairy in Dominican Republic report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
