Report description:

Sun care in Austria benefited from the ongoing recovery of travel and tourism in 2023, following the end of mobility restrictions caused by the COVID-19 pandemic. As people started to travel more, there was an increase in beach and other holidays, which boosted the demand for and use of sun care products. However, retail volume growth in 2023 was lower than expected due to increased pressure on consumer purchasing power and high average unit prices in sun care. Consumers were very cautious in th...
