- Multiple User License (Global) €2985.00

Report description:

Concerns around eye health in the post-pandemic era has increased, and hand in hand with this concern, there is a growing awareness of the effects of the sun's UV rays on visual health. In response, demand for sunglasses saw significant growth in 2022 and 2023 with players identifying new targets which contributed to increased usage. For example, players saw an opportunity to create new product lines tailored to children and adolescents with eye-catching designs, bright colours and featuring pop...

Euromonitor International's Sunglasses in Mexico report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2019-2023), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
