### **Report description:**

Butter has seen significant retail volume growth in 2024 continuing on from the strong performance seen in 2023. Sales of butter had plummeted in 2022 due to a shortage of butter brands in both modern and traditional grocery retailers. Low levels of milk production were caused by a range of factors, including poor weather conditions and the high cost of animal feed. This shortage resulted in price hikes and product scarcity in supermarkets and grocery stores, negatively impacting both consumers...
