Finally, the report includes recent news and deal activities undertaken by Holcim Ltd enhancing awareness of the company's business trends, growth perspectives, and more.

Key Highlights

Holcim Ltd, now known as Holcim Group, is a global leader in building materials and solutions. The company is headquartered at Switzerland. Established in 1833 following the merger of Lafarge and Holcim, the company combines over 180 years of experience in the construction industry. Holcim operates in four main segments: cement, aggregates, ready-mix concrete, and solutions and products. These segments allow the company to provide comprehensive building materials and innovative solutions to meet the diverse needs of its customers. Holcim Group's geographical footprint spans across more than 70 countries, with a strong presence in both developed and emerging markets.

The company's operations are strategically positioned to serve a broad range of construction projects, from small residential buildings to large-scale infrastructure developments. By integrating sustainability into its core operations, Holcim Group is committed to driving a circular economy and reducing its carbon footprint. This is achieved through innovative products and solutions that enhance resource efficiency and promote sustainable construction practices. As a leader in the construction materials industry, Holcim continues to invest in research and development to deliver cutting-edge solutions that meet the evolving demands of the construction sector.
