Key Highlights

Votorantim Cimentos, incorporated in 1933, is a leading global building materials company with its headquarters located at Sao Paulo, Brazil. The company is a significant player in the cement, concrete, aggregates, and mortar industries, operating across multiple continents including South America, North America, Europe, Asia, and Africa. With a strong commitment to sustainability and innovation, Votorantim Cimentos focuses on producing high-quality materials that support infrastructure development and urbanization projects worldwide. The company operates through various segments, primarily centered around the production and distribution of cement, concrete, and related building materials. These operations are integral to the construction industry, providing essential materials for residential, commercial, and infrastructure projects. Votorantim Cimentos leverages its extensive manufacturing facilities, strategically located near key markets, to maintain a competitive edge and ensure efficient delivery of products. In addition to its core business, Votorantim Cimentos emphasizes sustainable practices, investing in technologies that reduce carbon emissions and improve energy efficiency in its operations. With a strong presence in both developed and emerging markets, the company continues to expand its global footprint, contributing to the growth and modernization of construction sectors around the world.
