Key Highlights

Abertis Infraestructuras SA, founded in 2003, is a leading global operator in the infrastructure sector, with a strong focus on toll road management and infrastructure development. Headquartered at Spain, the company operates primarily within the transportation infrastructure domain. Abertis is renowned for its extensive portfolio of toll roads, which spans across Europe and the Americas, providing vital connectivity and contributing to regional economic development. The company's operations are divided into several key segments, including the management of toll roads, infrastructure investments, and development projects. Abertis Infraestructuras SA is engaged in acquiring, operating, and maintaining a network of toll roads, aiming to enhance road safety, efficiency, and quality. Its operational geography extends across multiple countries, including Spain, France, Italy, Chile, and Brazil, reflecting its significant international presence and expertise in managing large-scale infrastructure assets. By leveraging its extensive experience and innovative approach, Abertis Infraestructuras SA continues to play a pivotal role in improving transportation networks, promoting sustainable development, and driving growth within the infrastructure sector on a global scale.
