Report description:

Travel in France experienced a strong recovery in 2023 and the market has seen an even stronger performance in 2024, with this being reflected in particularly strong growth in airlines. Airlines have experienced an unexpectedly strong recovery since the end of 2022 with consumers keen to travel again after the pandemic came towards an end. Local and international experts did not foresee such a rebound, especially for airlines in France and other countries. Airlines had already seen a full recovery...

Euromonitor International's Airlines in France report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Airlines Offline, Airlines Online, Ancillary Revenue, Domestic Airlines, International Airlines, Non-Scheduled Carriers, Passenger Revenue, Scheduled Airlines.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
