Report description:

2024 presents another positive year for airlines in Indonesia, although there is still some way to go for a more robust recovery of airlines sales (compared to pre-pandemic travel booms), for both domestic and international flights. Trends are being seen across categories and price levels, albeit with some variances depending upon individual category dynamics. We also note that overall performance continues to rebalance and stabilise following the disruptor of the pandemic lockdowns and the foll...

Euromonitor International's Airlines in Indonesia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Airlines Offline, Airlines Online, Ancillary Revenue, Domestic Airlines, International Airlines, Non-Scheduled Carriers, Passenger Revenue, Scheduled Airlines.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
