- Multiple User License (Global) €2985.00

Report description:

Booking is enjoying a positive performance in Indonesia in 2024, with online intermediaries in particular seeing robust sales and with "flash sale" promotional events used as a key strategy. On the other hand, offline operators find themselves struggling somewhat amidst the rise of online players. Indeed, online activities strengthened considerably overall during the era of the pandemic restrictions, on a global basis. As such, many consumers became accustomed to using online options for their ne...

Euromonitor International's Booking in Indonesia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2028 illustrate how the market is set to change.
