### **Report description:**

Retail sales of bookings are expected to continue growing in constant value terms in 2024, albeit at a slower rate than in 2023, when there was a release of pent-up consumer demand. Japan represents the top destination for Taiwanese travellers, with the ongoing depreciation of the Yen making it an increasingly attractive option, with South Korea and Vietnam also continuing to be popular choices.

Euromonitor International's Booking in Taiwan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2028 illustrate how the market is set to change.
