Report description:

Despite three consecutive years of strong volume growth, the number of inbound arrivals to Thailand remained below pre-pandemic levels in the first half of 2024, primarily due to the slow recovery of Chinese tourists. The number of inbound arrivals from mainland China has fallen short of expectations, attributed to the sluggish recovery of its economy and a shift towards domestic tourism. Traditionally, China is a key source market for the Thai travel industry, having accounted for more than one...

Euromonitor International's Tourism Flows in Thailand report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2019-2023, allowing you to identify the sectors driving growth.
