### **Report description:**

Analgesics witnessed phenomenal current value growth in 2024 as rampant inflation in Argentina pushed up costs and led to strong price increases. In the face of narrowing profit margins, players were forced to increase prices to cover higher production and service costs in 2024. The cost of living escalated in Argentina forcing consumers to become more budget-conscious by seeking out bargains and spending less. This has primarily affected non-essential goods including analgesics. As a result, co...
