Report description:

In 2024, analgesics is expected to continue to show stable growth in retail current value terms in Vietnam, due to the growing popularity of self-medication. Vietnamese consumers are turning to analgesics for relief from mild pain caused by headaches, stress-related ailments, and age-related conditions. As the population ages, there is a greater need for analgesics. Players continue to expand their product offerings to cater to the needs of the older generation by providing top-quality, convenience...
